

Little World Beverages LIMITED

2 July 2007

Healesville Property Acquired

Little World Beverages announced today that it had acquired Lot 2/316-336 Maroondah Highway, in the town of Healesville, Victoria for an undisclosed sum.

The site is adjacent to the Giant Steps/Innocent Bystander Winery & Cellar Door owned by Phil Sexton and located in the heart of the Yarra Valley.

LWB is refining plans to establish a regional brewery on the site to provide the company with new product development opportunities and Victorian production capacity. The existing Little Creatures beers will continue to be brewed and packaged in Fremantle, Western Australia.

LWB plans to commission a new brewery at its Fremantle base in 2008 alongside the already installed new packaging line. This will make available the existing brew house and original packaging line for relocation to the Victorian operation.

The Board of Little World Beverages is pleased to have a Victorian production base, and the opportunity to utilise existing brewing infrastructure.
