Little World Beverages invests in Stone & Wood Brewing Company

24 February 2009

Little World Beverages Limited (LWB) announced today that it had taken a 20% interest in Stone & Wood Brewing Company Pty Ltd, a fledgling craft brewer based in Byron Bay NSW. Stone & Wood has been brewing since December last year and is focussed on developing its immediate regional market being northern NSW and Queensland.

Outside of these markets LWB has been contracted to distribute selected Stone & Wood products in due course.

LWB has great respect for and confidence in the abilities of the Stone & Wood founders and views the relationship as very complementary, and the business as an attractive long term investment.
